Supplies:

2 pieces of 1 1/2 yard fleece fabric
Sewings Shears
4 Safety Pins
Seam gauge or tape measure

Instructions:

1. Cut the ends off the side of the fabric. There is usually an end of the fabric that has writing on it or has little holes in it.
2. Line up the two fabrics, **RIGHT SIDES OUT**.
3. Safety pin the corners together about 6 inches in from each corner.
4. Cut a 4x4 inch square out of each corner of fabric. From the remnant, cut a strip that is 4 inches long and 1 1/4 inch wide. This piece will be your guide for cutting the fringe strips that you will knot together.
5. Cut fringe strips on all four sides of the blanket, cutting through both layers of fabric at the same time. Use your guide piece to help you cut all fringe the same size.
6. Begin tying the knots. You will tie knots in each piece of fringe twice. Knot right over left, then right over left again. Make sure to knot tightly and don't pull the fleece too much. Knot all four sides.
7. Remove the safety pins. Pull the fleece to make the blanket square.
