

WHY A FAIR

It's the challenge, the wanting to show what you have produced, to share with others.

It's the learning experience. It's how to improve, how to make the best better.

It's how to accept defeat. It's seeing all the displays and exhibits.

It's watching and listening to the entertainment.

It's walking the midway and eating the variety of food you see.

It's seeing and visiting old friends and making new friends.

THANKS TO ALL OUR 2022 SPONSORS
